FY2023 CSA Service Gap Survey

One of the primary responsibilities of the Community Policy and Management Team (CPMT) is to coordinate long range, community-wide planning to develop resources and services needed by children and families in their community (§2.2-5206).

In 2006, the Virginia General Assembly amended the Code of Virginia to further specify this requirement. This amendment included language that requires CPMTs to annually report to the Office of Children's Services (OCS) on gaps and barriers in services needed to keep children in their local community (§2.2-5211.1.2). CPMTs will satisfy this requirement by completing this survey.

Thank you!

Critical Service Gaps

We are interested in learning more about the most critical service gaps that are impacting your community's ability to serve children in their home, school and/or community. From the following list, please identify three (3) to five (5) services which are most important to further develop in your community. Consider services that do not exist in your community, as well as those that exist but do not adequately meet your locality's needs due to constraints such as insufficient capacity, poor quality, or prohibitive costs.

Residential Services

- ☐ Short-term Diagnostic
- ☐ Group Home
- ☐ Residential Treatment

Community-Based Behavioral Health Services

- ☐ Assessment
- ☐ Group Therapy
- ☐ Family Therapy
- ☐ Intensive In-Home

Barriers

On a 5-point scale, with 1 being 'Not At All' and 5 being 'A Great Deal', please indicate the level of impact the following barriers have had on your community's ability to develop the services the you have identified. Also, please add specific comments under each barrier, as needed. Barriers related to COVID-19 (i.e. lack of Internet service, lack of in-person meetings, etc.) can be described in the comments and/or the "Other barrier" response category.
